

ENERGY OPTIONS

PROVIDERS OF THE BEST UTILITY ADVICE FOR BUSINESS

Welcome to Energy Options

Energy Options is helping business across Ireland to reduce the cost of their utilities. We provide impartial advice on how to drive down the cost of your electricity, natural gas, landline, mobile phone, broadband, and merchant services.

Our service is free and independent of the utility companies themselves.

We help businesses make real savings, quickly and easily.

We are experts in our field and are passionate about service and client relationships.

Our objective is to help you get the best deal for your business.

We use our years of experience to secure the best rates possible across the range of utilities we support. We bring these to our clients, safe in the knowledge that we can reduce their costs and manage a simple switch over on their behalf.

Speak to us before you re-evaluate your Merchant Service's because we understand that every business has a unique client base and need for a particular merchant service.

Our advice is better than just being free because we also have exclusive deals with:

Let us do the hard work!

What's your Perfect Merchant Service Solution?

Switch Gaelic Games

Our new campaign Switch Gaelic Games is a way for customers to get the best value in energy rates, while making an important contribution to their local club. It's simple: register your club with us at www.switchclubs.ie, and for every account switched, we will donate €10 to the club. There is no limit on account switches either, so the customer can switch again after 12 months, and another donation will be made. Using www.switchclubs.ie, Switching Costs Nothing!
